

TEXANS REFFED S. C. PANDELO UP THE VALLEY

Declared Honest in At- tempt to Promote Almo Insurance Company.

Chicago, Ill., Nov. 25.—Testimony to show that S. C. Pandelo was honest in his attempt to promote the Almo Life Insurance company at Texas was introduced today in the trial of 12 officials of the Pan Motor company, of St. Cloud, Minn., accused of misusing the mails. Pandelo is the man who promoted this company.

William C. Douglas, formerly a judge in the district court at Eagle Pass, Tex., and now of San Antonio, said he bought stock in the Almo company.

"I paid \$100 in cash and gave my note for \$200," he testified. "The company called Pandelo returned my note and offered to pay back the \$100 promotion fee, which I refused to take."

Pandelo did not pay James Booney of Fort Stockton, Tex., \$100, which he owed him in connection with the organization of the Almo company until May, 1918, according to Mr. Douglas.

M. H. Bays, a banker of Fort Stockton, testified that notes held by his bank for Pandelo in connection with the Almo company were returned to his signers.

Police Headquarters
Sad; Midnight, Black
Terror Pup, Is Dead

Butterfingers, a police headquarters dog, died at midnight, black terror pup, appeared at the police station, with its tiny skin for want of food.

The pup, wailing on its legs, left exhausted. But it had found a home. The patrolmen began a course of diet for the dog and nursed it back to health and vigor. As a result it soon developed a taste for civility and would make friends only with the men in uniform.

But it had found a home. The patrolmen began a course of diet for the dog and nursed it back to health and vigor. As a result it soon developed a taste for civility and would make friends only with the men in uniform.

Then midnight became 11. Finally Monday night, the patrolmen were turned to kill the dog to end its misery.

Community Service
Plans Christmas Tree

A municipal Christmas tree that will be covered with candles and garlands for every boy and girl in El Paso is planned by community service. Lynne H. Reed said Tuesday she believed the plan would be the best place for the tree. Mr. Reed also said there was a well defined movement here in favor of a community house that would serve as a memorial to the men who fought against Germany. It is proposed that the little theater be used for the community activities be housed in it.

DOG TEARS BOY'S THUMB.
Seaver Graham, seven year old son of H. J. Graham, employed in the traffic department of the chamber of commerce, was bitten by a dog yesterday at the McKinley school. The dog, Mr. Graham said, belonged to the teacher. It jumped at the Graham boy and caught him by the thumb. The thumb was split and the nail torn off.

SHRIMPERS have taken over the El Paso water Friday, Saturday and Sunday. We have a picture of our last ceremonial street parade and a most interesting program. The parade will be in charge.

Adv. Chas. H. Leavell, Potentate.

COUNT FIFTY! NO
RHEUMATIC PAIN

Don't Suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment"

Stop "boiling" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "aching spot," and by the time you say "Jack Robinson" out comes the rheumatic pain and distressing "aching" and "stiffness" in a bare second.

It is a barometric pain reliever which never disappoints and doesn't burn the skin. It takes pain, stiffness and swelling from aching joints, muscles and bones; stops rheumatism, lumbago, backache, neuralgia, and reduces swelling.

Lather up! Get a small trial bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away—Adv.

WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important. Because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymphatic ducts, which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store. But it is sufficient to make anyone an enthusiast on inside bathing—Adv.

Chicago Crime Wave Enters On Third Day

Cutting Off Street Illumi- nation Partly Responsible, Says Police Chief.

Chicago, Ill., Nov. 25.—Among the approximately 150 persons arrested as a result of the crime wave that swept Chicago in the past three days, in which holdups, automobile thefts and safe burglaries followed in rapid sequence, sixteen men and a woman today were in city jail charged with involvement in four murders, 138 holdups, pool room and street holdups, and 150 house burglaries. Members of the hands confessed to more than 250 crimes, police assert.

Reported robberies last night showed a falling off from the two previous nights. Street lights glowed despite the threatened coal shortage, after John J. Garrity, chief of police, said the city of Chicago, in part to street illumination being cut off as a coal conservation measure.

In connection with the arrest of a band of 17, police said it became known a crime college was operated with a crooked dice game which the leader defrauded his followers of their earnings after they had graduated, and a thriving "black hand" business, operated as a sort of side line.

ROBBERS SHOOT
N. M. CATTLEMAN

Six Bandits Attempt to Rob Home of Socorro County Man.

Albuquerque, N. M., Nov. 25.—Abram Contreras, a rich cattleman of Socorro county, was found shot and tied to his chair in his home, near La Joy, early this morning by six robbers, following a fight with six robbers.

Contreras is reported to have kept large sums of money in his home, and robbery is believed to have been the motive for the attack. His dogs attacked the robbers without getting any money. Contreras is probably fatally wounded.

GRIFTH LITEL CASE COMES
UP FOR TRIAL NEXT WEEK.

C. H. Griffith, who for a few weeks published a weekly paper called the Comet, will be tried next Monday in the county court on a charge of kidnapping.

Griffith was taken to the police emergency hospital, where Dr. John Hardy attended him. His injuries consisted of serious bruises.

MAN STRUCK BY AUTO IN
BLINDING RAIN STORM

J. F. Foreman, who lives at the Pearson hotel, was struck and slightly injured by an automobile driven by T. H. Rogers of the Rogers Furniture Co. on Tuesday morning.

The accident occurred at Orisop and Mills streets and Rogers said rain prevented him from seeing the man. Foreman was taken to the police emergency hospital, where Dr. John Hardy attended him. His injuries consisted of serious bruises.

MISS BLANTON
Is Poisoned
By Ice Cream

Supt. of Public Schools May Be Unable to Attend Annual Meeting.

Austin, Texas, Nov. 25.—Miss Annie Webb Blanton, state superintendent of public instruction, is suffering from ptomaine poison and may be unable to attend the annual meeting of the Texas State Teachers' association which convenes Thanksgiving day. Her condition, however, is not considered serious.

Miss Blanton was en route to Austin from El Paso, and believes that ice cream which she ate caused her illness.

Mad Bulldog Attacks
Crowd Of Kiddies At
Beall School Grounds

City policemen Monday afternoon killed a large bulldog near the Beall school, after it had bitten several children. The dog is believed to have been afflicted with rabies and the head was severed and sent to a laboratory.

The dog leaped into a crowd of the children, who were playing on the school ground and attacked a boy named Mitchell, 11 years old, Coptic and Madara streets; Francisco Culmiano, 12, 1200 Para street; Pablo Gonzalez, 12, 1200 Para street; and Rachael Sapida, 8.

The dog leaped at the children and leaped into the crowd, knocking them down. Dr. W. M. Branch, 1905 Alameda avenue, summoned and examined the children's wounds.

The head of the dog was examined by Dr. W. W. Walte, who said the dog had rabies. Special treatments are to be given the children who were bitten.

ON TEXAS COUNCIL.
The Texas Republican council has selected a number of El Pasoans for its executive committee.

Among them are Antonio B. Stevens, J. L. Longwell, Scott C. White, U. S. Stewart and James L. Marr.

BE PRETTY! TURN
GRAY HAIR DARK

Look Young! Nobody Can Tell If You Use Grandmother's Simple Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color to faded, streaked or gray hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Gray Hair Restorer" or "Gray Hair Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it goes in so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, making one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wash your face and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease—Adv.

CHIHUAHUA CITY FATAL AUTO CRASHING FATE

Taxi Driver Was Unable to See Pedestrian in Blinding Storm.

Rain obscuring the view of P. P. Servier, a driver for the City Service company, is believed responsible for the accident which resulted in the death of Frank B. Brady, 26, an employe of the motor company at Fort Bliss, who died in Providence hospital at 7 o'clock Monday night. Brady was struck by Servier's car near Oregon and Missouri streets at 5:30 p. m.

Brady had just left the T. M. C. A. building when he made his home. He attempted to cross Oregon street going west when the machine hit him. He was killed by a distance of approximately 80 feet and sustained a fractured skull and a crushed chest.

"I couldn't see him because of the rain," Servier said. "I was driving when I saw him and I stopped, but I didn't see him in time to avoid the accident."

Brady was a witness to the accident. He was in the door of the building when he saw the car crash into a sitting posture. The car then struck him twice more, knocking him about 100 feet from the building.

Brady was a witness to the accident. He was in the door of the building when he saw the car crash into a sitting posture. The car then struck him twice more, knocking him about 100 feet from the building.

Crowds Swarm Theater in Chihuahua City to Hear Trial.

With Felipe Angeles calmly accepting his capture as a matter of course, the trial of the famous bandit chief continues in Los Heroes theater, Chihuahua City. The trial began Monday morning and interest has been aroused such a place that the public is admitted to the proceedings by ticket, to avoid confusion. It is said that more than 2000 tickets have been issued.

Augustine Arceyera, editor of El Herald, a Chihuahua City newspaper, was fortunate enough to be granted an extensive interview with Angeles. Angeles arrived here Monday afternoon and declared that now can predict the outcome of the trial.

The trial of courtmartial is headed by Governor Gen. J. Gonzalez Escobedo, commander of the forces. The defense is conducted by Lic. Alfonso Gomez Luna and judge Leonardo Diaz de Leon is conducting the prosecution.

"Angeles was given a telegram from his wife, who is in New York, upon his arrival at Chihuahua City," Angeles said. "This was the first mail or word he had from her since he was engaged in the attack upon Juarez."

Wife Knows Facts.
"The man read the message with tears in his eyes and remarked that regardless of the outcome of his capture and trial his family is safe. Mrs. Angeles also telegraphed Gen. Manuel Diaz yesterday asking that her husband be given comfort and not subjected to suffering. Angeles was not immediately notified of her husband's capture because she was ill, but friends later told her of the newspaper report."

"Gen. Diegues is satisfied that the capture of Angeles has struck a hard blow to the bandit forces that would have the capture of Villanueva. He said that Angeles was the brains of the revolution and that without his guiding hand the Villanueva will rapidly weaken and the forces will be defeated."

"Angeles refused to discuss Villanueva, but said that he was the result of his (Angeles') protests against lawlessness in connection with the revolution. He said that when they were fleeing to the south, he was captured by the forces of the revolution."

"When I first was permitted to enter the car where Angeles was, I saw him looking at the 'Life of Jesus Christ,' the 'Life of Napoleon' and other works which he had with him. He was very calm and collected and he was not at all afraid of death."

"The man's face was covered with a heavy growth of iron wire and he was not at all afraid of death. He was very calm and collected and he was not at all afraid of death."

"The man's face was covered with a heavy growth of iron wire and he was not at all afraid of death. He was very calm and collected and he was not at all afraid of death."

CARGO STEAMER GROUND
IN THE ST. MARY'S RIVER

Sault Ste. Marie, Mich., Nov. 25.—The big cargo steamer Kotikar, downbound for Lake Erie points, is firmly grounded on Cedar Point reef, in the upper St. Mary's river, where the straits are narrow and the
